

# NAIL WIRE / STAPLE WIRE

## CHARACTERISTICS

With high grade wire rod and our most advanced processing technology, we are able to offer you excellent nail wires having the following characteristics.

1. Excellent corrosion resistance.
2. Excellent heading & forming ability with low work hardening quality.
3. Low magnetism nails are available.
4. Our special coating provides higher productivity and longer tool life.
5. We can offer various ranges of tensile strength depending on the final application.

## PACKING

包裝 Packing	卷狀 Mill Coil		無線架包裝 Carrier-less Core	
	30-50kgs	100-150kgs	200-300kgs	400-500kgs
線徑 Size(mm)				
§ 1.2- § 1.6	●		●	
§ 1.7- § 5.0		●		●
