

BRAIDING WIRE

Our high quality wire is manufactured for stainless steel tubular wire braid, beam or precision braided to provide good fit and flexibility for braided metal hose assembly requirements. Adequate special lubricant on the wire can increase the efficiency of using high-speed braiding machine.

Applications

Braided Flexible Hose / Sanitary Hose / Automotive Bellows

Specification & Standard

ASTM A478 DIN ISO 4782 EN 10264-4

Grade

304 304L 316 316L

Diameter

0.08 ~ 0.65 mm

Tensile Strength

650 ~ 750 N/mm² Elongation: 25 ~ 40%

Surface

Bright

Packing

Plastic Spool (DIN series)
